Please notify us of any special accommodations you require in order to participate in this program. If you do have some special needs, we must be contacted 1 week before the workshop. Every reasonable effort will be made to accommodate the needs, but always the top consideration being the safety and well being of all participants.

About our Speaker

Russell Hodge has been a NW Indiana resident all of his life. He is a member of the International Society of Arboriculture, Indiana Arborist Association, Indiana Urban Forestry Council, Society of Commercial Arboriculture, Society of Municipal Arborists, a past State Certified Pesticide Applicator for Ornamental Trees and Shrubs, an accredited tree appraiser, serves on Board of Directors for Lake County Tree ReLeaf, and an ISA Certified Arborist. He has been involved in the Tree Care Industry for 26 years. He also writes a monthly Arborist column in *The Times*, Home & Garden section and in the Michigan City *News-Dispatch* Sunday Lifestyle section. His columns are also featured on the Internet site, 1-800-Arborcure.com

It is the policy of the Purdue University Cooperative Extension Service, David C. Petritz, Director, that all persons shall have equal opportunity and access to the programs and facilities without regard to race, color, sex, religion, national origin, age, marital status, parental status, sexual orientation, or disability. Purdue University is an Affirmative Action employer. This material may be available in alternative formats.

Urban Tree Care Workshop

Who Should Attend?

- Street & Sanitation Department Employees
- Park Department Employees
- Public Work Employees
- Code Enforcement Officers
- Tree Board Members
- Private Property Management Staff
- Municipal Arborist
- City Foresters
- Highway Department Employees
- County and State Employees in any of the above positions
- Hospital Management—Grounds Staff

This workshop is directed to all employees in the above list, not just department heads.

The workshop will focus on two important urban forestry issues that public employees encounter on a regular basis.

Topics Covered

- ◆ Proper Pruning and Trimming Practices
- ◆ Do's and Don'ts of Pruning & Trimming
- ◆ Reasons for Pruning & Trimming
- ◆ Hazard Tree Identification and Evaluation
- ◆ Why Tree Hazard Inspections are Needed
- ◆ 4 Main Areas to Inspect
- ◆ Hazard remedies
- ◆ Documenting Tree Hazard Information
- ◆ Long term urban forestry planning

Course Benefits

- Pre-approved for ISA CEU (5)
- Training field employees
- Recognizing hazardous trees
- Proper pruning practices
- Reducing resident complaints from bad pruning practices
- Reduce liability
